

Şehit Murat Kocatürk Anadolu İmam Hatip Lisesi certification submission

Name of the school

Şehit Murat Kocatürk Anadolu İmam Hatip Lisesi

Is your school/organisation internationally orientated? (does it look to incorporate a global perspective into everyday school life?)

Yes

Please describe (min. 350 characters, max. 800 characters).

Our school is internationally oriented and at the same a project school.
Our school will start with international project preparations in the new school year.
Participating in international projects will give our school international identity.
Our teachers and students will be more willing to take part in projects.
Our teachers will join Etwinning projects.

Does your school/organisation participate in international projects? (international cooperation with other schools or between students, EU projects, pen pals, exchange students etc.)

Yes

Please describe (min. 350 characters, max. 800 characters).

We will develop and participate international projects.
The vision of our students will evolve as we carry out international projects at our school.
Our school interested in international projects at the point of European citizenship. Our chemistry teacher joined and finished international projects.
Our school will start with international project preparations in the new school year

Does your school/organisation have an internationalisation strategy?

Yes

Please describe (min. 350 characters, max. 800 characters).

We have strategic plan that we are willing to join the international project.
The vision of our teacher and students will evolve with international projects. So we added international projects in our strategic plan. Our chemistry teacher will create a new international Etwinning projects that will give us international identity and European citizenship.

Is your school/organisation making an effort to influence behaviors related to sustainable consumption? (ex. CO2 reduction, recycling, limit printing, save on electricity and heating)

Yes

Please describe (min. 350 characters, max. 800 characters).

Recently, as a result of the rapid increase of greenhouse gases (carbon dioxide, di-nitrogen monoxide, methane, water vapor, chlorofluorocarbon) emitted by atmospheric gases and various human activities such as depletion of fossil fuels, deforestation and industrial processes, urbanization has strengthened the natural greenhouse effect, the temperature on the earth and in the lower parts of the atmosphere is steadily increasing, causing the Global Warming. In order to raise awareness about waste paper collecting, waste battery collecting etc. we are working like this.

Is your school/organisation making environmentally friendly improvements when renovating and

expanding? (ex. renewable energy, solar panels etc.)

Yes

Please describe (min. 350 characters, max. 800 characters).

We thought that Having a project or life that is sensitive to the environment is something our school hopes to achieve.

However, these special projects have been misunderstood by today's youth.

Our teachers and students in our school are eager to develop new environmentally friendly projects.

Ensure that environmental awareness is formed in our students.

Does your school/organisation in other ways encourage to take responsibility for the environment? (ex. green infrastructure, eco labels, ecological focus, school projects etc.)

Yes

Please describe (min. 350 characters, max. 800 characters).

We have developed this project in order to protect our world, the protection of the whole humanity and the world it ought to be, against the possible effects of global warming, and to provide the necessary cooperation for the survival of natural resources.

To provide our students with the ability to conduct research to identify and reduce the causes of environmental pollution

Does your school/organisation provide free access to your facilities and resources to the wider community?

No

Does your school/organisation in any kind promote volunteering?

Yes

Please describe (min. 350 characters, max. 800 characters).

Our school supports the volunteer for being a project school. We think that such work will make students more responsible, more responsive individuals. We organize new volunteering projects to support that.

We think taht school is very important in terms of the development of a new school and project work. So we promote volunteering projects and workings

Does your school/organisation prioritise community engagement?

No

Does your school/organisation give lessons in sex and relationships education?

No

Does your school/organisation have an active strategy for prevention and intervention of drug use and alcohol and tobacco consumption?

Yes

Please describe (min. 350 characters, max. 800 characters).

Adolescents' efforts to prevent smoking, alcohol and drug use should begin early in drug addiction training, promoting healthy behaviors, and good family communication. If they use their parents, they are more likely to use alcohol or drugs. Knowing that parents allow substance use increases their chances of testing alcohol, cigarettes, or other drugs.

Our school strategy is students and we organize seminars and workshops.

Is your school/organisation actively promoting a healthier lifestyle? (ex. nutritional food and drink, physical- and outdoor activities etc.)

No

Does your school/organisation make efforts to ensure equality for all in your institution - regardless of gender, sexuality, disabilities, ethnicity, belief system (incl. religion, political orientation)?

No

Does your school/organisation have accessibility for people with physical and/or mental needs?

No

Does your school/organisation actively take a stand against bullying?

No

Does your school/organisation have a youth council/student board?

No

Does your school/organisation have a policy that ensures student/youth/staff participation in decision making processes?

No

Does everyone at the school/in the organisation have the right to express their opinion? (e.g. does the school provide a platform for dialogue, have an active debate culture, offer discussions, have an open forum etc?)

Yes

Please describe (min. 350 characters, max. 800 characters).

Our school has a student council. There are representatives from every class. There is also the president of the student council. Through the classroom representatives, students can convey their thoughts to school administrators and teachers. The class representatives and the student council president are elected by voting every year. This is a democratic way.

How did your organization address Goal 1? (min 350, max 800 characters)

Fight against poverty; Targeting unprotected situations involves increasing access to essential resources and services, and encouraging communities affected by disasters. Our students' economic level is not so bad. Our aim at school is to combat poverty; to provide social solidarity to our poor students. We aim that protect and support them all different kind of problems.

How did your organization address Goal 2? (min 350, max 800 characters)

Rapid economic growth and increased agricultural productivity in recent years have caused the number of undernourished to decrease by more than half. Our aim; to work to reduce the number of those who are starving in our school and in our region to the minimum level. Our aim at school is to combat poverty; to provide social solidarity to our poor students.

How did your organization address Goal 4? (min 350, max 800 characters)

Quality education can not withstand a plan that is valid in all cases. Solutions and adaptations of educational systems must be based on the real needs of a society.

Our aim; Contributing to the spread of an understanding of teaching in the minds of our students, based on the respect, freedom, morality and cultural heritage of our people, is to educate people with high character and quality by observing universal principles.

How did your organization address Goal 5? (min 350, max 800 characters)

It is only the basic human right to remove all kinds of discrimination against women and girls. Strengthening women and girls has proven to be a long-lasting effect that has created a multiplier effect and is growing

economically and accelerating development in every area. It is the development of the women's education society as it is the mother who educates the children. Our school adopts an understanding of preventing sex discrimination.

How did your organization address Goal 10? (min 350, max 800 characters)

Income inequality is a global problem that requires permanent solutions. The solution includes improving financial markets and institutions, directing development assistance and direct foreign investments to the areas most needed. Ensuring that people migrate and move safely is also important in reducing the growing inequality. Actual policies must be passed on to prevent immigration to the city.

How did your organization address Goal 11? (min 350, max 800 characters)

We must change our way of building and managing our urban spaces to a significant extent. Otherwise we can not provide sustainable development.

The rapid growth of cities in developing countries and the increase in rural migration from rural to urban are causing urbanization to be irregular. Our aim; To educate our region about irregular urbanization. And also, Active policies to prevent immigration from the village to the city should be put into effect.

How did your organization address Goal 12? (min 350, max 800 characters)

Most of the world population is still low enough to meet basic needs. The new generation is more focused on consuming. More efficient production and creation of supply chains should be targeted. Doing so can increase food safety. Our aim is to increase consciousness of consumption and consumption among the people in our region and to remove our students from unconscious consumption.

How did your organization address Goal 13? (min 350, max 800 characters)

Recently, as a result of the rapid increase of greenhouse gases (carbon dioxide, di-nitrogen monoxide, methane, water vapor, chlorofluorocarbon) emitted by atmospheric gases and various human activities such as depletion of fossil fuels, deforestation and industrial processes, urbanization has strengthened the natural greenhouse effect , the temperature on the earth and in the lower parts of the atmosphere is steadily increasing, causing the Global Warming. Our aim; ensure that environmental awareness is formed in our students

How did your organization address Goal 16? (min 350, max 800 characters)

We live in an increasingly divided world. Peace, peace and security are constantly in some areas and others are endless conflicts. Societies must do their best to solve this problem. As a school, we support world peace. Our aim; To emphasize the importance of peace and security. We support the phrase "Peace at home, peace in the world" as M. Kemal's founder of our country.

How did your organization address Goal 17? (min 350, max 800 characters)

Today, our world has become more interconnected, more globalized than ever. Increasing access to technology and knowledge is an important way to support ideas and innovations. It is possible to be aware of good practices in different countries. International projects are very important for good practice sharing. Our aim; To promote sharing of good practices with international projects.
