Does your school/organisation have a policy that ensures student/youth/staff participation in decision making processes?

Yes

Please describe (min. 350 characters, max. 800 characters).

Yes we have a student council at school. This council is assigned by the students. Head of this student council is elected by the others. He or She can participate and say his or her opinion about the school. we have a policy that ensures student participation in decision making processes. We have a democratic and participatory environment at the school.

Does everyone at the school/in the organisation have the right to express their opinion? (e.g. does the school provide a platform for dialogue, have an active debate culture, offer discussions, have an open forum etc?)

Yes

Please describe (min. 350 characters, max. 800 characters).

Yes everyone have the right to express their opinion at school. He or She can participate and say his or her opinion about the school. we have a policy that ensures staff participation in decision making processes. We have a democratic and participatory environment at the school. The school provide a platform for dialogue, have an active debate culture, offer discussions to the staff.

How did your organization address Goal 2? (min 350, max 800 characters)

Every day too many men and women across the globe struggle to feed their children a nutritious meal although in the world we produce enough food to feed everyone. We can take the students' attention to this term and be aware of this global problem. For example we can make the students create their own snapwords in art lessons and we can also show them on the bulletin boards at school.

How did your organization address Goal 3? (min 350, max 800 characters)

Health is a state of physical, mental and social well-being, not just the absence of disease or infirmity. Good health helps us live a full life. We can take the students' attention to this term and be aware of this global problem. For example we can make the students create their own snapwords in art lessons and we can also show them on the bulletin boards at school. We can do an exercises programme with the participation of teacher, students and families at the school garden.

How did your organization address Goal 4? (min 350, max 800 characters)

The right to education is not only the right to access education but also the right to receive an education of good quality. Education must be available and accessible but also acceptable and adaptable. Parents know better than anyone else what type of school will work best for their child, that is why all parents should be free to choose. Students should not be forced to attend a school simply based on where they live.

How did your organization address Goal 5? (min 350, max 800 characters)

Boys and girls must feel welcome in a safe and secure learning environment. We can take the students' attention to this term and be aware of this global problem. For example we can make the students create their own snapwords in art lessons and we can also show them on the bulletin boards at school. We can prepare posters using web2 tools to reach more people .

How did your organization address Goal 6? (min 350, max 800 characters)

We can take the students' attention to this term and be aware of this global problem. For example we can make the students create their own snapwords in art lessons and we can also show them on the bulletin boards at school. We can prepare videos using web2 tools to reach more people. We can give project homework to the students to make them aware of this global problem.

How did your organization address Goal 7? (min 350, max 800 characters)

We can take the students' attention to this term and be aware of this global problem. For example we can make the students create their own snapwords in art lessons and we can also show them on the bulletin boards at

school. We can prepare videos using web2 tools to reach more people. We can give project homework to the students to make them aware of this global problem.

How did your organization address Goal 13? (min 350, max 800 characters)

We can take the students' attention to this term and be aware of this global problem. For example we can make the students create their own snapwords in art lessons and we can also show them on the bulletin boards at school. We can prepare videos using web2 tools to reach more people. We can give project homework to the students to make them aware of this global problem.

How did your organization address Goal 15? (min 350, max 800 characters)

We can take the students' attention to this term and be aware of this global problem. For example we can make the students create their own snapwords in art lessons and we can also show them on the bulletin boards at school. We can prepare videos using web2 tools to reach more people. We can give project homework to the students to make them aware of this global problem.

How did your organization address Goal 16? (min 350, max 800 characters)

We can take the students' attention to this term and be aware of this global problem. For example we can make the students create their own snapwords in art lessons and we can also show them on the bulletin boards at school. We can prepare videos using web2 tools to reach more people. We can give project homework to the students to make them aware of this global problem.

How did your organization address Goal 17? (min 350, max 800 characters)

A successful sustainable development agenda requires partnerships between governments, the private sector and civil society. Co-operation has been a crucial part of this so we must encourage and promote effective public, public-private and civil society partnerships at the schools. One thing is certain: If we're going to achieve the Global Goals, we all need to work together.
