

Reporting to Base – Climate Expressions

Preparation:

- ❖ The game master/teacher prints appendix 2 for each group.
- ❖ The game master/teacher prints appendix 1; cuts out the cards, and distributes them in the area.

The Game, Step-by-Step

- ❖ The participants are divided into group of 2-5 students
- ❖ The game master has a base where the teams' worksheets stay throughout the activity
- ❖ The group goes looking for a piece/word (that has been distributed in the area)
- ❖ When they find a piece/word, they come back to their home-base (they should remember the word, and should not physically bring it back)
- ❖ At the base, they write the word next to the text that it matches
- ❖ The game master makes sure that the group stays together at all times, and only bring back one word at a time

Learning Objectives of the Activity

- ❖ To introduce the students to some of the climate expressions
- ❖ To have the students collaborate to solve problems
