

Interview - Equality in the Past

Interview an older family member/acquaintance about earlier generations' experiences of equality. Make a video or sound recording of no more than 10 minutes (let the interviewee prepare their answers before you start recording). Present it for the rest of the class.

Suggested questions:

When you were young...:

- what did you experience as the biggest difference between the genders?
- Was there anything that women/girls or a boy/man were not allowed to do?
- What defined women's work or men's work at that time?
- Have you experienced gender-based discrimination?
- What do you think is the biggest barrier to gender equality today?
-
-
-

Present it for the rest of the class/group

Discussion afterwards

- What surprised you?
- Which decade is the interviewed person speaking about? Are there any national or international events, political currents, artistic waves, literary work, etc., which may be related to the things the interviewed person tells?
